

THE NATIONAL ASSOCIATION OF BLACK MORTGAGE BROKERS

9015 Woodard rd. #206

Clinton, Md. 20735

To the Nehemiah Corporation,

The National Association of Black Mortgage Brokers is a trade association dedicated to educating mortgage originators and the community on mortgage products and services. We aim to educate the legislators by better educating elected officials on pressing issues that affect the mortgage and real estate industry in our communities. We are in full support of the Nehemiah Corporation and your attempts to preserve down payment assistance. We know first hand that this will have a devastating affect on our members and our ability to serve our communities.

JOY JAMISON

President
